Mannatech Essentials™ Collagen Chews FAQ's

What are Mannatech Essentials™ Collagen Chews?

More than just collagen — Mannatech Essentials™ Collagen Chews are a multi-benefit chewable supplement designed to strengthen 4 Dimensions of Skin Health: Structure, Biosynthesis, Nourishment, and Balance. By combining scientifically studied type I and III collagen peptides with vitamin C, biotin, and prebiotic glycans from acacia gum, Collagen Chews provides a superior approach to beauty from within. These ingredients work together to support skin structure, skin moisture, hair thickness, and nail health.

Structure. Biosynthesis. Nourishment. Balance.

What are the main benefits of Collagen Chews?

- Collagen peptides support skin elasticity and hydration in just four weeks
- Collagen peptides help reduce fine lines and wrinkles in the eye area in just four weeks
- Supports nail health
- Collagen peptides boost skin hydration in just four weeks
- Helps support skin elasticity for firmer, more youthful-looking skin
- Hydrates and nourishes skin from within
- Supports dermal density
- Contains prebiotic glycans (acacia gum) and vitamins (Biotin and Vitamin C) along with collagen to support gut health
- Helps support healthy aging
- Can help support your body's natural collagen and elastin production.
- Supports hair thickness
- Excellent source of the antioxidant vitamin C

What are the 4 Dimensions of Skin Health supported by Collagen Chews?

The 4 Dimensions of Skin Health:

- *Structure – Collagen Peptides & Vitamin C:* Collagen peptides support skin elasticity and may reduce fine lines and wrinkles. Vitamin C provides powerful antioxidant support against oxidative stress.
- *Biosynthesis – Collagen Peptides & Vitamin C:* Helps support natural collagen and elastin production and provides antioxidant support.
- *Nourishment – Biotin:* Supports healthy hair and nails.
- *Balance – Acacia Gum:* Provides prebiotic support for a healthy microbiome.

How much collagen is in a serving of Essentials Collagen Chews?

There are 2.5g of VERISOL® high quality Bovine Collagen Peptides per serving. While other products may include a much higher level of collagen, a daily 2.5 g dosage of this specific collagen taken in the scientific studies was shown to support results within 4 weeks. Enjoy the benefits in just 4 tasty peach flavored chews.

MANNATECH®

What makes Collagen Chews different from other collagen supplements?

Collagen Chews feature VERISOL® and BIOACTIVE COLLAGEN PEPTIDES® which is a premium form of bovine collagen manufactured using advanced hydrolysis techniques and meets strict standards for purity and quality. The formula is enhanced with targeted nutrients to address multiple aspects of skin health.

What is VERISOL® Collagen and why is it important?

VERISOL® is a patented form of hydrolyzed bovine collagen peptides developed by GELITA in Germany. It combines Type I and III collagen, which help provide beneficial support for skin elasticity and hydration. VERISOL® has been studied for beauty-from-within benefits, including skin smoothness and reduced wrinkles.

What is the best way to take Essentials Collagen Chews?

Essentials Collagen Chews are formulated for everyday use—just take four chews daily to nourish your skin, hair, and nails. For best results, maintain consistent use, as studies show visible benefits may appear in as little as four weeks.

How do Collagen Chews support overall beauty and wellness?

Collagen Chews combine collagen with beneficial nutrients like Vitamin C and Biotin to promote skin rejuvenation, hydration, and elasticity. The formula also supports hair and nail health, and helps maintain a balanced microbiome for radiant skin.

What are some of the features of Essentials®

Free from gluten, dairy, artificial sweeteners, and major allergens, and contain only premium, non-GMO ingredients.

Does Mannatech Essentials Collagen contain Glycans?

Yes, it contains prebiotic glycans (acacia gum). This along with vitamins (Biotin and Vitamin C) along with collagen help support gut health.
