

# The World's Most Complete Coffee

## Enhanced by Nature

U.S. product shown.

Up to this point, you've only been drinking half a cup of coffee. That's about to change with Mannatech's GlycoCafé™. By using all parts of the coffee fruit for their unique properties, Mannatech has created **the most complete coffee in the world**—with the added benefits of nutrients from nature.

Crafted using a blend of **organic Arabica beans**, antioxidant-rich **Coffeeberry® brand coffee fruit**, metabolism-boosting green coffee and infused with Glyconutrients†, GlycoCafé doesn't just give you a delicious boost to get through your morning, it supports **wellness for the entire day**.\*

For a **complete coffee experience** that's enhanced by nature, order GlycoCafé today!

### Benefits:

- Improves cognitive function.\*
- Provides superior antioxidant support.\*
- Supports a healthy metabolism.\*
- Supports cardiovascular health.\*

### FUN FACT

Many instant coffees tend to use Robusta beans, which have an inferior taste. Our coffee uses a premium and flavorful Arabica bean.

# GlycoCafé features a unique blend that provides sustaining health benefits from the whole coffee fruit

## Organic Roasted Arabica Coffee Bean

This is the coffee you're normally used to. It's the roasted bean on the inside of the fruit that gives your morning cup that rich, smooth flavor.

Roasted Arabica is a premier coffee, known for improving cognitive functions, increasing alertness and focus and even providing high antioxidant support.\*

## Coffee Fruit

This is the outside of the coffee plant. Sometimes called the coffee cherry, it's red when ripe and offers a high concentration of polyphenols, which are powerful antioxidants.

## Green Coffee Bean

These are the beans you may not be used to. They are actually the seeds of the coffee fruit that haven't been roasted yet. The usual process of roasting the beans degrades them, reducing their chlorogenic acid content and other polyphenol levels. So, leaving them in their natural form may provide more benefits.\*

Chlorogenic acid is believed to have significant health benefits including supporting a healthy metabolism and increasing thermogenesis.\*

## COMPLETE YOUR FAT LOSS WITH THIS COMBO

Adding GlycoCafé to your TruHealth™ bundles not only gives an extra boost to your metabolism, it helps keep you energized through mid-day activities. You can also create a coffee flavored shake for breakfast! Shaping a New You never tasted so good.

Boost your brain power with the addition of GinMAX™ tablets, Mannatech's innovative dual-layer ginseng supplement that brings you balance and focus. By combining both for increased concentration and energy, nothing will stand in your way.\*
