

MANNABEARS™
(SKU 13501)
PRODUCT TRAINING SHEET

PRODUCT BASICS

PRODUCT DESCRIPTION: MannaBears are tasty, fruity, chewy gummies containing a good source of Glyconutrients† and vitamin C. Bursting with natural ingredients, including 7 dehydrated fruits and veggies (amla, raspberry, broccoli, carrot, kale, tomato, and spinach), these chewy supplements will have kids --and adults --coming back for more. Sweetened with tapioca, xylitol and evaporated cane syrup.

Formulated specifically for children and naturally sweetened, these colorful, chewy, pectin bear-shaped gummies are designed to not only be delicious, but also to support cellular communication through Glyconutrients and to provide antioxidant support from vitamin C in a 4-gummy serving.* MannaBears gummies come in a delicious grape and berry flavors and are easy to chew! Made with color derived from natural sources and are naturally sweetened. MannaBears are a tasty alternative to today's refined sugars and other "junk" foods.

BENEFITS:

- Provide a natural source of Glyconutrients which support cellular-communication.*
- Provide antioxidant support from vitamin C.* Vitamin C contributes to immune defense by supporting various cellular functions.
- Full of natural ingredients including: amla, raspberry, broccoli, carrot, kale, tomato, and spinach
- Incredibly delicious!

FEATURES:

- Dairy Free
- Soy Free
- Vegan
- Gluten Free
- No artificial sweeteners
- Naturally colored and flavored

SUPPORTING INFORMATION:

- Empty calories from added sugars and solid fats contribute to 40% of daily calories for children and adolescents age 2–18 years—affecting the overall quality of their diets. Approximately half of these empty calories come from six sources: soda, fruit drinks, dairy desserts, grain desserts, pizza, and whole milk. Most youth do not consume the recommended amount of total water. ^[1]
- 9 in 10 children didn't eat enough vegetables in 2007-2010. ^[2]
- The amount of whole fruit children ate increased by 67% from 2003 to 2010 but remained low. ^[2]

WHAT MAKES THIS PRODUCT SPECIAL?

POINT OF CONVENIENCE:

MannaBears are the kid-friendly, easy-to-chew gummy alternative for consuming daily Glyconutrients and vitamin C. (Our bears are loved by kids of all ages!)

WHO IS IT FOR?

- **Primary:** Children, 4+ years old, and adults, who are looking for a tasty, nutritional gummy to supplement their diet with Glyconutrients and vitamin C.
- **Secondary:** Individuals looking for a tasty alternative to today's refined sugars and other "junk" foods either for themselves or their families.

WHAT MAKES IT UNIQUE?

- Mannatech's MannaBears gummies are easy to chew and are a good source of Glyconutrients and vitamin C. Plus they taste great!
- MannaBears provide antioxidant support from vitamin C.*
- MannaBears are a perfect, nutritional alternative to junk foods/candies. A perfect and beneficial "fix" for that sweet-tooth.

WHAT IT IS NOT:

- NOT a children's complete daily multivitamin/mineral supplement.
- NOT a full/daily serving of fruits and vegetables.
- NOT a replacement for Ambrotose® Complex/Ambrotose LIFE®.

TOP FAQ:

1. How are MannaBears different from regular gummies?

Most gummy vitamins are loaded with sugar with virtually no nutritional benefits. MannaBears offer a good source of antioxidants from vitamin C and contain Glyconutrients that support cellular communication.* MannaBears are full of natural ingredients including: amla, raspberry, broccoli, carrot, kale, tomato and spinach. Naturally sweetened with tapioca, xylitol and cane sugar. MannaBears gummies come in delicious grape and mixed-berry flavors.

2. Why do MannaBears contain sugar?

MannaBears are coated in a small amount of organic cane sugar to create delicious vitamins that your kids will want to take every day. Each gummy contains approximately 1.75 grams of sugar (7 grams total) which is the approximate amount of sugar found in 10 grapes! The evaporated cane sugar also keeps the gummies from sticking together, allowing them to remain at peak condition during shipping and storage.

3. Do MannaBears contain common allergens?

MannaBears are free of peanuts, tree nuts, eggs, soy, dairy, shellfish and wheat. They are also vegan and non-GMO.

4. What is the recommended usage?

We recommend four MannaBears gummies daily for children ages 4 and older. Chew thoroughly before swallowing. Children should be supervised by an adult.

5. What if my kids or I don't like them?

Mannatech stands behind the quality of its products and your satisfaction. If for any reason you try our product and are not completely satisfied, you may return it within 180 days of purchase for an exchange or refund of the product price and applicable tax.

6. Where are MannaBears manufactured?

MannaBears are manufactured in a facility based in Melbourne, Australia that stands behind delivering the best quality and efficacy. The company business has spanned five generations, over 80 years.

7. What is the shelf life?

MannaBears have a shelf life of 18 months, but we suggest you eat them sooner for the freshest taste. After opening, we suggest you consume within 60 days.

8. Are these just for kids?

MannaBears are perfect for kids, teens and adults, too!

DIRECTIONS: Take four MannaBears pectin gummies daily. Chew thoroughly before swallowing. Children 4 years and older should be supervised by an adult.
