

Mannatech EssentialsTM Collagen Chews

Mannatech Essentials Collagen Chews are more than just collagen

It's a multi-benefit chewable supplement designed to strengthen 4 Dimensions of Skin Health: **Structure, Biosynthesis, Nourishment, and Balance.** By combining scientifically studied **type I and III collagen peptides** with vitamin C, biotin, and prebiotic glycans from acacia gum, Collagen Chews provides a superior approach to beauty from within. These ingredients work together to support skin structure, skin moisture, hair thickness, and nail health.

The 4 Dimensions of Skin Health:

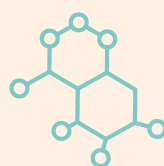

Structure – Collagen Peptides & Vitamin C: Collagen peptides support skin elasticity and may reduce fine lines and wrinkles. Vitamin C provides powerful antioxidant support against oxidative stress.

Biosynthesis – Collagen Peptides & Vitamin C: Helps support natural collagen and elastin production and provides antioxidant support.

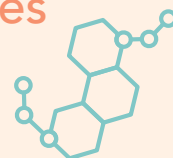

Nourishment – Biotin: Supports healthy hair and nails.

Balance – Acacia Gum: Provides prebiotic support for a healthy microbiome.
