

GI-ProBalance®

Balance for your Gut Bacteria

Help **restore** healthy gut flora

Nourish beneficial intestinal bacteria

Contains 50 billion CFU of **probiotics** when produced

GI-ProBalance helps restore beneficial gut flora and nourishes friendly intestinal flora with the same great tasting yogurt-flavoured powder.

The adult human gut has over 500 species of bacteria, mostly in the large bowel.

These naturally occurring bacteria coexist harmoniously in the gut, playing a crucial roll in supporting our health. This neighbourhood of microbiota is supported by probiotics and prebiotics.

Features

- Helps restore a healthy balance of beneficial bacteria in your gut.
- Helps nourish healthy gut bacteria.
- It contains fructo-oligosaccharides which are foods for intestinal bacteria.

Each GI-ProBalance slim stick contains:

- 50 billion CFU total input of probiotics at the time of manufacture.
- 8 strains of probiotics.
- 4.5 mg glyconutrient ingredients.
- Approximately 1.1g prebiotic fibre ingredients Fructooligosaccharides and acacia gum.
