LUMINOVATION FIRST ESSENTIAL TONER

What are a few key ways to use LUMINOVATION First Essential Toner and get the most out of this product?

If you have just removed your makeup applying the toner to a cotton round and wiping your face will help to further clean and remove impurities.

You can dispense a few pumps it into your palm and gentle apply. Starting at the base of the neck, gently sweeping upward covering the entire neck and face areas.

Last, you can pour your toner into a small sprayer bottle and spray directly to your face in the morning, and periodically throughout the day as a refresher.

What are the main benefits of the First Essential Toner?

Our First Essential Toner exfoliates and refines skin texture while brightening and improving the appearance of fine lines and wrinkles.

What is the benefit to adding ceramides to the First Essential Toner?

Ceramide, which has a high content among the phospholipids in our skin, is an essential basic material for maintaining healthy looking and normal skin. It is also a high-performance ingredient that helps maintain a healthy skin barrier and skin moisture.

What makes the First Essential Toner a pearly, glowing pink color?

The shiny appearance of the product is not the result of artificial pearlescent or colors but rather of a crystallized form of a mixture of ceramide and phospholipids. Because of the unique hue of the vitamin B12 that is present in this pearl-type toner product, it gives off a pink glow.

LUMINOVATION LUMINOUS ESSENCE LOTION

What is the proper way to use LUMINOVATION Luminous Essence Lotion?

Apply to clean skin morning and night. Starting at the base of the neck, stroke upward covering the entire neck and face areas.

What are the main benefits of the Luminous Essence Lotion?

Our Luminous Essence Lotion is an anti-wrinkle moisturizing lotion for soft and radiant skin.

What makes the Luminous Essence Lotion different than a traditional facial lotion?

Easy skin care with the all-in-one Luminous Essence Lotion that provides nutrients of highly concentrated serum and effective hydration of a lotion at once.

After applying this, my skin seems to have a subtle glow. What is the secret that creates this glow?

When applied to the skin, the Luminous Essence Lotion's essential nutrients with a high refractive index, radiant oil ingredients, and six jewel powder ingredients make the skin supple and radiant.

What are the six jewel ingredients found in the LUMINOVATION Luminous Essence Lotion formula?

The combination of six jewels includes diamond, pearl, amethyst, ruby, white sapphire and topaz.

Why would I need to use the Lotion and the Cream?

The Lotion has sufficient moisturizing power, so if you don't like a heavy finish or simply want to apply it lightly, you can apply the lotion as a final step. The cream could be used before make-up as a targeted step for eye care, dry spots and neck areas. However, for the full benefit you can apply the cream, to experience more remarkable synergistic effects from wrinkle care to elasticity care.
