

Your Weapon to Fight the Fat While Keeping Lean Muscle

When dropping the fat, it's hard to know if what you are losing is actually fat, or muscle.

Made from naturally sourced whey protein and advanced technology, OsoLean® powder is a complement to the foods you already enjoy while **promoting healthy fat loss**. It also helps **maintain lean muscle**,[†] so you know that the weight you start shedding is actually fat.

Benefits:

- Helps promote fat loss while maintaining lean muscle.
- Helps improve lean mass-to-fat ratio.
- Increases your protein intake to support a healthy, balanced lifestyle.
- 10 grams of protein to help you feel full.
- 45 kilojoules per serving gives you control over your diet.
- Nutrients your body needs, including 204 milligrams of calcium from milk.
- No fillers, artificial colours or flavours, synthetic additives or sweeteners.

Because it's from Mannatech, OsoLean powder is quality ensured through current Good Manufacturing Practices (cGMPs). This means you'll always know that what's on the label is what's in the bottle.

FUN FACT

According to the *American Journal of Clinical Nutrition*, **high-quality proteins** are more satiating than either carbohydrates or fats, and they may have the ability to **improve the body's metabolism!**

[†]When combined with a kilojoule-controlled diet and exercise.

Osolean®
