# MANNATECH COMPENSATION PROGRAM

Mannatech, Incorporated's ("Mannatech") Compensation Plan is designed to provide financial opportunities for both business builders and starters. This unique Compensation Plan offers a wide range of bonus opportunities that financially reward Associates in direct proportion to their efforts in building both a Mannatech customer base and a sales organization.

This new Compensation Plan reflects Mannatech's commitment to equitable compensation, personal and professional growth and the development and use of business building tools to build and maintain a successful business.

Through multiple income streams, Associates are rewarded for their acquisition of consumers as well as their ability to develop and train other leaders to do the same. Approximately 41.1% of the funds Mannatech receives for all products sold are paid as bonuses through the Mannatech Rewards Program. The plan provides six (6) distinct methods of earning, and to get the most benefit, it is important to understand how to build and train an organization to capitalize on each of them.

## BUSINESS TERMINOLOGY

Terminology and abbreviations used throughout this document are defined in the Glossary. If you need additional explanation about any aspect of the Compensation Plan, please contact the Associate enrolling you or contact the Customer Service department.

## LEADERSHIP BONUSES

Customer and Organizational Bonuses reward Leaders as they build their business by increasing product sales from customer orders and by developing other Leaders. Whether Leaders move up the Leadership Bonus ladder quickly or over a more extended period—as Leaders reach higher Leadership Ranks—they can earn greater long-term income on their total group sales. # CUSTOMER AND ORGANIZATIONAL REWARDS

---

## CUSTOMER BONUSES

Mannatech offers Associates the opportunity to earn income generated from product sales through an organization that can be expanded worldwide by enrolling customers. Associates' income potential is based on two things—the depth and the volume of their organization. Stability comes from having regular product orders every month. Subscriptions are an important part of building and maintaining an Associate's Mannatech business.

# POWER SELLER BONUS

Personal Point Volume (PPV) is required to earn customer commissions. The Power Seller Bonus is a Personal Point Volume (PPV) commission that pays from 10%-20% on the price paid for a product order.

## How the Power Seller Bonus Works:

**Power 10:** If the sum of your monthly Customer Volume plus your own personal purchases is equal to or greater than 200 Personal Point Volume, and if you have a minimum of two (2) Active Preferred Customers\*, you will then be eligible to earn 10% Power Seller Bonus of the subtotal of the eligible orders. (This includes your own purchases).

**Power 15:** If the sum of your monthly Customer Volume plus your own personal purchases is equal to or greater than 500 Personal Point Volume, and if you have a minimum of two (2) Active Preferred Customers\*, you will then be eligible to earn 15% Power Seller Bonus of the subtotal of the eligible orders. (This includes your own purchases).

**Power 20:** If the sum of your monthly Customer Volume plus your own personal purchases is equal to or greater than 1000 Personal Point Volume, and if you have a minimum of two (2) Active Preferred Customers\*, you will then be eligible to earn 20% Power Seller Bonus of the subtotal of the eligible orders. (This includes your own purchases).

Power Seller Bonus**	PPV Requirements	Percentage Payout	Number Active Preferred Customer Requirements*
Power 10	200 or more	10%	2
Power 15	500 or more	15%	2
Power 20	1000 or more	20%	2

\* Active Preferred Customers- Any Preferred Customer with 50 PV or more order(s) within any qualification month will be considered as Active Preferred Customer for the Enroller.

\*\* We will not pay the Power Seller Bonus on the New Preferred Customer's first order since it pays out the First Order Bonus to the Enroller.

# UNI-LEVEL BONUS

The Uni-Level Bonus is an income stream based on the volume of products your organization sells.

## How the Uni-Level Bonus Works

To be eligible to qualify for the Uni-Level Bonus, Qualified Associates must achieve the required Downline Point Volume for the month. Associates can earn a bonus on the amount of product sales from Associates in their downline organization each month through the Uni-Level Payout Bonus. The percentage of the CV of products sold is paid to Associates for levels 1, 2, 3, 4, 5, 6 and 7 of their organization. The percentage paid for each level of depth is dependent on the Leadership level an Associate has achieved.

- Pays on all product sales in a Leader's organization through seven levels of depth.
- 150 PPV Compression is applied.
- Has no width restrictions.

	SA	GA	D	SD	GD	ED	SED	GED	PD and above
Level 1	3%	4%	5%	6%	7%	8%	8%	8%	8%
Level 2		2%	3%	4%	6%	8%	8%	8%	8%

Level 5						5%	5%	6%	6%
Level 6							4%	4%	5%
Level 7									4%

# SIDE VOLUME INFINITY BONUS<sup>‡</sup>

The Side Volume Infinity Bonus pays a 0.5% bonus on all CV on level 8 and below, except for volume originating from the strongest leg. Other Leaders with the same or higher Leadership Rank do not block Leaders from receiving their payout.

## Key Points:

- Paid to PD and above.
- Paid on CV on level 8 and below.
- Not paid on CV originating from the strongest leg.
- Strongest leg determined by having the most DPV among the total number of legs.
- Compression applied.

# LEADER CHECK MATCH‡

Leaders who achieve SED and higher will receive a matching check bonus on their downline Executive Directors and higher. The Leaders will earn a corresponding percentage (see chart) of the matching leader's Uni-Level and Infinity Bonuses.

## How the Leader Check Match Bonus Works

- The number of generations paid to Leaders depends on their downline's Leadership Rank.
- Leader Check Match is paid through the line of sponsorship in each leg.
- If a downline Leader is not SED or higher, that Leader is not considered a generation in that qualifying month.
- The percentage of Leader Check Match paid correlates with the Leadership Rank of the downline Leader and applicable generation.
- A cap (a maximum limit) is applied per downline leader.

# LEADER LEG CAP AMOUNTS

The earnings from Uni-level, Side Volume Infinity Bonus and Leader Check Match in any one leg are capped. Leaders cannot earn more than the Leader Leg Cap amount for their Leader rank per leg. There is no cap applied to their Power Seller Bonus, Mentor Bonus, First Order Bonus or Global Pool Bonus earnings.

To qualify for the pool, Leaders must maintain Leadership Rank for three months within any 6-Month Period. Activity is determined by consistently growing the downline organization. Shares awarded to each participating Leader are based on the Leader's paid rank for each month. Each BPD or above will be paid the share value multiplied by the number of Leader legs each has achieved.

Please refer to the table for specific share assignments.

<b>Leadership Rank</b>	<b>Shares</b>
<b>Bronze PD</b>	<b>0.5</b>
<b>Silver PD</b>	<b>1</b>
<b>Gold PD</b>	<b>1.5</b>

Commissionable Volume is a set value associated with each Mannatech product or bundle. This value is used to calculate commissions across our global Compensation Plan, where we do business in multiple currencies. Generally, Commissionable Volume will be paid up to 75% of the Associate/Preferred Customer price. There is NO other use or application for CV.

## Compression

All Associates with less than 150 PPV are compressed for the calculation of bonuses. Compression is used to create pay levels before bonuses are calculated.

## Downline Point Volume (DPV)

DPV consists of an Associate's Personal Point Volume (PPV) plus volume from their entire downline organization.

## Enroller

The Associate who is listed on the Associate Application and Agreement as the Enroller. The Enroller and the Sponsor may be the same person, or the Enroller may place the new Associate under a different Sponsor in their organization.

## Factoring

Factoring is the process of capping commissions when global consolidated compensation exceeds approved payouts.

## Independent Distributor

An independent distributor is an Associate who purchases company products for himself or herself and/or for retail to consumers and earns commissions through the Career and Compensation Plan by meeting certain volume requirements.

## Income

Income is paid two weeks after the qualification period closes, on an ongoing basis. The network marketing business model provides for income from all ongoing product orders of everyone in your business organization, through the specifics of the Compensation Plan.

## Leader

Any Associate who has obtained the Leadership Rank of Executive or above.

## Leadership Bonuses

A series of bonuses that provide increasing income as the Associate advances in Leadership Rank. The Associate must first be a Qualified Associate and will earn increasing percentages of product sales generated in their downline organization, into greater depth of their organization.

## Leadership Rank

Any Associate-recognized title or the highest title they have achieved. An Associate's leadership title may vary from month-to-month due to leadership qualification requirements.

## M5M® Foundation

By purchasing Mannatech products, donations are made to the M5M Foundation, which provides nourishment across the world to children in need.
