

Support the Balance of Your Beneficial Bacteria

U.S. Product Shown

VEGETARIAN FRIENDLY · NO MSG · GLUTEN FREE · M5M

Tasty and convenient, GI-ProBalance® slimsticks are designed to nourish your gut with 8 strains of probiotics and rich prebiotic fibers. GI-ProBalance supports the natural balance of good bacteria in your gut microbiome and helps to maintain healthy digestion.*

Probiotics interact with your immune cells, human cells and gut bacteria to perform functions like digestion, preparing nutrients for delivery to organs, and supporting your immune system. What matters are the strains of bacteria, the dosage and their health benefits. GI-ProBalance is specially formulated with a MannaBiotic™ Blend consisting of 8 powerful Lactobacillus and Bifidobacterium strains totaling 50 Billion CFU.‡ These beneficial bacteria strains were specifically selected because of their durability and robustness which allows them to get to the small and large intestines, where they do most of their work. GI-ProBalance slimsticks also include a special blend of prebiotic fiber that helps to nourish and fuel the probiotics, so that they can work effectively.*

GI-ProBalance slimsticks are formulated to:

- Support a healthy gut microbiome.*
- Support a natural balance of good bacteria to maintain healthy digestion.*
- May support the body against occasional intestinal disturbances and typical, occasional digestive upsets.*
- Promote natural immune function.*
- Contain 8.5 billion CFU guaranteed at time of expiration.
- Support a healthy gut-brain axis.*
- Supplement natural probiotic levels that might fluctuate due to normal aging, diet or other normal digestive issues.*
- Contain Acid-Resistant Probiotic Strains.

FUN FACT

You have more than 100 trillion microorganisms living inside and on you—mainly in your digestive tract or "gut." Lumped together, they'd weigh about six pounds—as much as a newborn baby.†

‡Contains 50 Billion organism (at time of manufacture)

MANNATECH®

DID YOU KNOW?

Prebiotics come from many types of fibers, polysaccharides and short chain fatty acids where they act like fertilizers in the digestive tract to help the healthy bacteria flourish. Without prebiotics, good bacteria in your gut essentially starve and die off.

GI-ProBalance

Probiotic And Prebiotic Supplement

Supplement Facts

Serving Size 1 Slimstick

	Amount Per Serving	% Daily Value
Calories	5	
Total Carbohydrate	1 g	<1%‡

GI-Biome System™

THEY'RE BETTER TOGETHER

GI-ProBalance may be used as a stand-alone product, or as part of the GI-Biome System that includes three products (GI-Defense, GI-ProBalance and GI-Zyme). Used together, these pave the way for digestive health and gut microbiome support for many other systems in your body.*

COMPLEMENTARY PRODUCTS:
These great Mannatech products pair well with GI-ProBalance:

GI-Defense™—Can strengthen and nourish your intestinal lining, providing a stable environment for your microbes to carry on their vital tasks, so your gut and brain can perform at optimal levels.*

GI-Zyme®—Scientifically formulated to help improve digestion and the absorption of nutrients from food, and may reduce typical discomfort that can be caused by normal eating.*
